

Fruitful Hills Winter 2020/2021 CSA Application Deliveries begin November 4, 2020

Vegetables: Full/Partial Share each delivery
Nutrient-dense produce has the color, texture, and taste that only comes fresh-picked from local farms. We avoid synthetic fertilizers and pesticides.

Eggs: 1 dozen per delivery.
Our eggs have deeply colored yolks from hens fed a non-GMO diet.

Raw Dairy Products:
Order by Friday before each delivery.
After grazing on stockpiled grass, our Dutch Belted and Jersey cows are fed hay and a small amount of grain over the winter time.

Raw Goat's Milk
Order by Friday before each delivery.
Milk from goats eating a smörgåsbord of saplings, shrubs, wild flowers, and grasses.

Chicken: 6 chickens in one delivery
After the brooder stage, birds live in pens moved to fresh grass daily. Poultry is far superior in flavor and texture to factory farm birds. The chickens will be frozen.

Pork: One large delivery, frozen
Pigs are raised outdoors and fed non-GMO grains. Our Heritage breed consists of Hampshire cross and Berkshire breeding. In winter, hay is added to their outdoor shelters.
