

## Fruitful Hills Winter season CSA

### Weekly full and partial share list

12 deliveries in the winter season

2 each month, November to April

**This list of full and partial share mixes shows the deliveries of the winter season 2021/2022.**

**A full share in the winter season is a bushel box. The partial share is a half-bushel box. If you subscribed to a partial share in the summer season, a partial share in the winter season is about twice as much, delivered half as often.**

**Many subscribers find the winter shares to be about the right amount for every two weeks.**

#### **First November delivery**
