

Fruitful Hills CSA Winter season 2022–2023 share mix

Full and partial share items for each delivery

12 deliveries in the winter season

2 each month, November to April

This list of full and partial share mixes shows the deliveries of the winter season 2022–2023.

A full share in the winter season is a bushel box. The partial share is a half-bushel box. If you subscribed to a partial share in the summer season, a partial share in the winter season is about twice as much, delivered half as often.

Many subscribers find the winter shares to be about the right amount for every two weeks.
